## SKILL LEVEL: Beginner

### Step 1

Cut or tear 2 x 15cm lengths of Polar White POPTape and join them sticky sides together to create a double sided white strip.

### Step 2

Cut or tear 2 x 15cm lengths of Dynamite Red POPTape and cut them in half lengthways down the centre. Lay a piece of red

tape along the edge of the white tape allowing a 5mm overlap. Turn the white tape over and lay another piece of red tape with a 5mm overlap joining the sticky sides of the red tape together and smoothing them down. Repeat with the other two pieces of red tape on the other side of the white piece allowing another 5mm overlap.

### Step 3

Cut or tear 4 x 15cm lengths of Magical Unicorns POPTape and lay them over the red tape leaving 5mm of red tape showing between the Magical Unicorns and the white tape. Turn your tag over and repeat on the other side.

### Step 4

Trim the sides with scissors and cut a wavy line along

the top and bottom edges to create the scalloped edges.

### Step 5

Use a hole punch to make the hole in one end to attach your key chain. Write your name on the white space with a permanent marker.
