

Daisy Flower Bracelet

SUPPLIES AND TOOLS:

- POPTape™: Loud Lime, Loud Lemon, Polar White.
- 3 x 19mm Paper Fasteners or Scrapbooking Brads.
- Scissors/Craft Knife.

SKILL LEVEL: Intermediate

Step 1

To make the wrist band, cut or tear a piece of Loud Lime POPTape long enough to go around your wrist with 6cm extra to allow for trimming and the join. Fold the tape in half lengthwise to join the sticky sides together to create a double sided green strip. Trim the ends to neaten them up if required.

Step 2

To make the centre flowers, cut or tear a 10cm piece of Loud Lemon POPTape. Fold it sticky sides together to create a double sided yellow square. Repeat this process with Polar White POPTape. For the small flowers, cut or tear an 8cm

piece of yellow and fold it in half lengthways sticky side together, make another in white tape.

Step 3

Trace or hand draw your flower designs onto each section of tape. On the larger pieces, the white flower should be 3cm diameter, the yellow one 2.5cm diameter. On the smaller pieces, draw 2 flowers on each piece. The white flowers should be 2.5cm (all the way to the edges of the tape) and the yellow flowers should be 2cm diameter.

Step 4

Cut out each flower and join them together with the paper

fastener (or brad) by pushing it through the centre. You should have 3 flowers all with white on the bottom and yellow on the top.

Step 5

To add your flowers to the wrist band, find the centre point on the piece of Loud Lime POPTape and push the paper fastener (or brad) with the large flower through so it sits in the middle of your bracelet. Open out the pins of the paper fastener to hold it in place. Attach the smaller flowers either side, measure 2cm from the outside edge of the large flower and use that point to push through your paper fastener for the small flowers. Turn the band

over and cover the pins on the paper fastener (or brad) with a piece of tape to cover the sharp edges.

Step 6

Use a small piece of Loud Lime POPTape to join the two ends of the bracelet once it is on your arm. You can open and close your bracelet as many times as you like with the same strip of tape.

Clever Idea: Make for a friend as a gift with a matching POPTape gift box. See our Gift Box design and add a daisy flower to the top.
