

Door Topper

SUPPLIES AND TOOLS:

SKILL LEVEL: Advanced

- POPTape™: Polar White, Lagoon Blue, Magical Unicorns, Pinkalicious Pink and Wild About Watermelon.
- 1 x 10mm thick piece of dowel.
- Scissors/Craft Knife.
- Heart Stencil.

Step 1

Measure and cut your dowel to the width of your doorway (approx. 85cm). Cover your dowel in the POPTape colour of your choice. We have used Polar White.

Step 2

To make the vertical drops, tear or cut Lagoon Blue POPTape in 70cm lengths. Fold each piece into thirds lengthways. You will need at least 12 vertical drops for a standard doorframe. (Note. You may find it easier to fold smaller lengths of tape (35cm) into thirds and join them together with a small piece of blue tape to get the 70cm lengths).

Step 3

On each vertical drop fold over the top 5cm to make a loop and secure the loop in place with 2 small strips of POPTape in Pinkalicious Pink.

Step 4

Loop all your vertical drops onto the piece of dowel and trim the ends to the length you want. To create an arch, you should have the longest strands on the outside and shortest in the middle (See main image).

Step 5

To make the hearts, take 2 pieces of tape the same colour or pattern and join them sticky sides together to create double-sided tape.

Step 6

Using a heart stencil, trace heart shapes onto the tape and cut out the hearts. Continue this process using all your heart colours. We have used Magical Unicorns, Pinkalicious Pink & Wild About Watermelon. You will need to make 95-100 hearts.

Step 7

Attach the hearts to the vertical drops using a small section of POPTape rolled with the sticky side out. We have used 9 or 10 hearts per drop.

Step 8

To make the tassels, take 2 x 12cm pieces of tape in Wild About Watermelon and join

them sticky sides together to create double sided tape, leaving 1cm of tape at the top with the sticky part exposed. Do the same in Pinkalicious Pink but make them shorter by using 8cm pieces. You will need to make 12 of each colour.

Step 9

To create the tassel effect, cut your tape into strips leaving the top 2cm at the sticky end uncut. Tie a single knot in every third tassel. To finish the tassel, lay the shorter pink piece on top of the Watermelon piece leaving the pink sticky edge exposed. Wrap a tassel around the end of each vertical drop.
